

DORDON PRIMARY SCHOOL

The Pupil Premium

This report outlines how our school is planning to spend the Pupil Premium allocation in 2016-17. It also outlines our key principles and reasons for spending the Pupil Premium in the way that we do.

Our Principles and Objectives

The Pupil Premium was introduced to address the underlying inequalities between children eligible for free school meals and their peers. It is allocated to schools to work with pupils who have been registered for free school meals at any point in the last six years.

School are free to spend the Pupil Premium as they see fit, however our approach and vision for our pupils is to ensure that all are offered '**rich opportunities and memorable experiences**' and that those from poorer socio-economic backgrounds do not suffer barriers which hamper their progress and attainment.

Our decisions on how best to use the 'Pupil Premium' are based on the findings of high quality research and publications, as well as OFSTED's own 'best practice' guides. These have supported our decision on expenditure over the best and most effective use of our Pupil Premium Funding. We are also aware that the unique features of our local economy, where many parents participate in part-time work, or in work that is seasonal, results in significant numbers of our parents not being eligible to claim for free school meals.

We believe that:

- All of our children should and will benefit from the teaching and learning opportunities that Pupil Premium funding provides
- Appropriate provision is made for all pupils belonging to vulnerable groups, including those who are from socially and economically disadvantaged groups.
- Pupil premium spending should be allocated following a needs analysis which identifies children with priority needs; those with the greatest need being children in receipt of free school meals whose progress is not rapid enough.
- Pupils who receive free school meals are not necessarily socially disadvantaged or are making inadequate progress.
- Not all pupils who are socially disadvantaged are registered or qualify for free school meals.
- Our Pupil Premium funding should be spent in a wide and imaginative variety of ways, so as to benefit the wide variety of interests and needs of our children
- Our Pupil Premium funding should be spent according to 'best value principles' and related to activities which research suggests will make the very best use of the finances available
- Whilst there are some 'quick wins', there is a need to also take a 'long term view' to stop achievement gaps from widening. Some of our long term objectives will take more than an academic year to come to fruition.

Our Pupil Premium Funding 2016-17

Total number of pupils on role: 201
 Total number of pupils currently eligible for Pupil Premium Grant: 60
 Total amount of Pupil Premium Grant per pupil: £1,320

Barriers to Learning

- Limited access to the Internet – affecting access to the Virtual Learning Environment
- Parental engagement with homework
- Access to extra-curricular activities to promote all aspects of development
- Access to appropriate resources and equipment
- Below average attainment on entry in English and Maths
- Attendance below the school average

Our Targeted Areas

In order to improve the progress and outcomes for Pupil Premium pupils we aim to:

- Accelerate their progress and attainment in Maths and English
- Develop resourcing to support their improved access to the learning opportunities
- Enrich the lives of those on Pupil Premium, opening doors and creating new opportunities
- Develop support for Pupil premium pupils and their parents beyond the school gate
