## Update

As we approach the final week of term, it all feels very strange. Normally the last two weeks are packed full of events and feel very hectic. This year is a very different story. We are still very busy but in a very different way.

This week has seen more online meetings, this time with new teachers. It has been lovely to see the start of the strong relationships we value so dearly at our school. We are excited to have everyone back in September. School feels strange with so few children in it!

You will receive an email shortly that contains the key information about the reopening of school. It is essential for the safety of our community that you adhere to the timings and systems we have established. It will be reissued again just before we open in September just in case it gets lost over the summer. I have spent this week writing a very comprehensive risk assessment for the reopening. A version of this will also be made available to parents on the website towards the end of the summer holiday once all of the finer details have been finalised. There will be a message on Facebook informing you it is there.

Next week, we hope that the sun shines so that our end of year picnics and leavers celebrations can go ahead. All of the information has been sent out via email. It is imperative that you follow all of the information you have been given in order to keep yourselves and everyone else safe.

**Unfortunately if it is raining, the events will have to be cancelled.** There is no way we can move the event indoors due to the risk assessment that is currently in place.

## What to do if you are feeling unwell

### Step 1: Symptoms

If a child, staff member or member of your household develops a symptom, **STAY AT HOME.**

Call school at once to notify us

If your child or a staff member develops a symptom in school, they will be sent home.

### Step 2: Isolation and Testing

Person with symptoms **STAY AT HOME** for at least 7 days and book a test:

([www.nhs.uk/coronavirus](http://www.nhs.uk/coronavirus) or call 119). Rest of the household **STAY AT HOME** for 14 days (see government advice for ending isolation).

Rest of the social group to be notified of the situation.

### Step 3: Positive Test–

#### Confirmed Infection

Child or adult testing positive remains in isolation alongside their family. Follow latest government guidance.

The social group for that child or staff member will be closed for 14 days AND children and staff **MUST** isolate.

### Step 3: Negative Test

Where the child or adult tests negative, all isolation ends and anyone connected who was in isolation returns to work or school.

### Step 4: Further Action

School notifies Public Health England and the rest of the school continues as normal with the risk assessment in place. School will only close if told to do so by PHE.

Classroom for the social group will be deep cleaned.

Test and Trace will be operated for the infected person.
