Wednesday 1st April 2020

Dear Parents/Carers,

Easter Club

Your child has still been attending school since the outbreak of the Coronavirus has witnessed schools close across the country. Despite the uncertainty of our current situation, your child has come to school with enthusiasm and a willingness to participate in all tasks set. As always, we continue to work as a team in light of this unprecedented time and hope you are all safe and well as you read this letter.

We are now embarking on what would have been the Easter holidays (06.04.20 – 17.04.20), but due to the present circumstances school will remain open for your child, should you need it, as an emergency provision. **Remember this service is only to be used if there is no other alternative.**

Easter Timetable:

- School will open from 8.30 and children will be collected at 3pm (as usual, please drop-off and collect your child from the front door)
- Children are allowed to wear their own clothes from now on (even after the Easter holidays are over). The children will be doing active learning (P.E) so please ensure they wear sports clothes.
- Children should continue to bring a packed lunch or they can choose a hot dinner from the kitchen.
- There will not be any work set on eschools during the holiday period (your child can still chat with adults and peers via the discussion pages on eschools). Instead, staff will plan a selection of fun activities to fill the day, which might include: arts & crafts, outdoor learning, animation on IPADS etc.

If you have any additional questions please call school. Each day a senior member of staff will be available to discuss any queries between 9am – 2.30pm. Please leave an answerphone message if you are unable to speak to a member of staff and we will endeavour to call back as soon as possible.

Stay safe Dordon!

Yours sincerely,

Mrs Cross

Chosen Charity
